About CeriBell, Inc.

Ceribell is a medical technology company focused on transforming the diagnosis and management of patients with serious neurological conditions. Ceribell has developed the Ceribell System, a novel, point-of-care electroencephalography ("EEG") platform specifically designed to address the unmet needs of patients in the acute-care setting. By combining proprietary, highly portable, and rapidly deployable hardware with sophisticated artificial intelligence ("AI")-powered algorithms, the Ceribell System supports rapid assessment and continuous monitoring of patients with neurological conditions. The Ceribell System is FDA-cleared to facilitate rapid assessment and monitoring of patients suspected of seizure activity and, in adult patients in critical care settings, to aid in the screening and monitoring of delirium alongside clinical assessment. Ceribell is headquartered in Sunnyvale, California. For more information, please visit www.ceribell.com or follow the company on [LinkedIn](#).
